of 2021-22 GIOC participants reported feeling more positive about their future as a result of Girls Inc. programming

Girls Inc. has helped me understand my boundaries, practice ways of communication, and also help me build my confidence. At the start of the year, I was pretty depressed and had low self esteem until the program Girls Inc. introduced to us. Overall, Girls Inc. has helped me a lot and now I can tell people/set my boundaries, identify emotions, and be able to communicate with others without any problem.
